

THE WILSON ADVANTAGE

WILSON **Quik Adjust™**

**Speed Setups with Wilson
Quik Adjust™ Fab Tooling**

Wilson Tool helps you win the battle against downtime with new Wilson Quik Adjust™ Fab tooling. Quik Adjust is engineered for the fastest setups possible so that you can be more productive than ever before.

▼ **Fast and Easy Tool-free Adjustments**

No allen wrenches or set screws required.

▼ **Fully Compatible** Works with existing Fab style full body punches* and shaped guides.

▼ **No Shimming** Pre-loaded spring pack for shimless adjustment.

▼ **Quick Punch Changes**

▼ **Increased Grind Life** Up to .250" (6.35mm) in .060" (1.52mm) material.

▼ **Available in Full Body 1 1/4" (31.7mm) Size**

* Round punches need to be pinned and require a shaped guide to accommodate pin in the punch.
